Professional Summary

Passionate BSc. CSIT graduate with a strong foundation in full-stack web development and hands-on experience in the MERN stack. Skilled in building responsive web applications, RESTful APIs, JWT authentication systems, and reusable frontend components. Strong problem-solving mindset with a focus on writing clean, maintainable code to solve real-world software engineering challenges.

Technical Skills

Languages: JavaScript (ES6+), Python, C, SQL Basics
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, RESTful APIs, Authentication & Authorization, Middleware
Database: MongoDB, Mongoose, SQL Basics
Tools & Others: Git, GitHub, Postman, VS Code, Axios, JWT, CRUD Operations

Experience

Code IT Kathmandu, Nepal
MERN Stack Developer Intern May 2026 – July 2026

- Contributed to full-stack web application development utilizing **MongoDB, Express.js, React, and Node.js**.
- Built core features for an e-commerce platform, including dynamic product catalogs, shopping cart logic, and RESTful APIs.
- Implemented secure user authentication using **JWT** and integrated frontend UI with backend endpoints.
- Tested, debugged, and documented API routes using **Postman** to ensure robust performance.

Projects

ShopSage – E-Commerce Website *MERN Stack — February 2026*

- Developed a full-stack e-commerce platform featuring product catalog, shopping cart, authentication, and order management.
- Designed RESTful APIs and seamlessly integrated React frontend components with Node.js/Express backend services.

Calorie Tracker & Recommendation System *MERN Stack — November 2025*

- Built a nutrition tracking application for recording food intake and monitoring daily calorie goals.
- Implemented **JWT authentication**, food logging, and interactive progress analytics using Chart.js.

ToDo Application *MERN / React — October 2025*

- Implemented a task management tool supporting complete **CRUD operations** and Redux state management.
- Features include task categorization, priority filtering, and due-date tracking.

Education

Madan Bhandari Memorial College Kathmandu, Nepal
Bachelor of Science in Computer Science & Information Technology (BSc. CSIT) *2023 – Present*

National School of Sciences Kathmandu, Nepal
Higher Secondary Education (Science Stream), NEB *2019 – 2021*

Certifications & Learning

MERN Stack Development Course – Code IT *3-Month Training*
– Completed comprehensive training covering frontend, backend, REST APIs, databases, and full-stack deployment.
